### ILLNESS POLICY

The YMCA follows KDHE guidelines for exclusion of children who are ill and/or show one or more sign or symptom of illness. While fever alone does not always indicate a serious condition, it is unreasonable and inappropriate for child care staff to determine this for participating children. This is the responsibility of the child's legal guardian, with the help of the child's health care provider. Parents/guardians will be notified anytime a child has a fever with or without additional symptoms. Children will be excluded from the program when:

1. The illness prevents the child from participating comfortably in activities
2. The illness results in a greater care need than the child care staff can provide without compromising the health and safety of other children; or
3. The child exhibits signs or symptoms of illness, including but not limited to the following:
  - Presence of a fever and other signs of illness or behavioral change
  - An acute change in behavior including lethargy, irritability, and/or persistent crying
  - Uncontrolled coughing, rash, diarrhea, vomiting, abdominal pain, mouth sores, pink or red eyes
  - Untreated head lice, scabies, or other infestation
  - Known or suspected contagious diseases while in the communicable stage

#### Please Note:

- Children excluded for a fever must be fever free, without fever reducing medication, for 24 hours before returning to the program.
- Ill children will be monitored and isolated with necessary supervisor, until a parent/guardian or other authorized adult picks up.
- Parents/guardians should make arrangements to ensure prompt pick up within an hour of notification.
- Parents/guardians are required to notify the program when a child is diagnosed with a communicable disease; a doctor's release may be required to return to the program.
- All families will be notified by posted signage a participant or staff has a confirmed communicable disease; confidentiality will be maintained. (Individuals will not be named)

### FIELD TRIPS

- Campers ride on a bus or walk to and from all scheduled field trips
- ALL campers in attendance must participate in the field trip; no child can remain at the during field trips.
- A YMCA field trip permission form is required and must be signed by the parent or guardian prior to the field trip (In registration packet)
- Field trip arrival and departure times will be posted at each camp location.
- YMCA busses will NOT wait for late arrivals and staff may not transport children.

### MEDICATION POLICY

- Medication is to be given at camp only when it is absolutely necessary. When medication is to be given, the following procedure must be followed.
- Parent must complete and sign the KDHE Authorization for Dispensing Medication Form.
- Parent should bring the medication to camp staff (parent should not send medication with child).
- The prescription label should contain the date, name of the medication, name of the child, name of the doctor, the date and how it is to be administered. Prescriptions must be in original prescription package/container.

### MAJOR AND MINOR EMERGENCIES

- All YMCA Camp staff are certified in pediatric CPR/AED and basic First Aid.
- Minor injuries will be treated on site and parents will be informed at pick-up and/or provided an incident report.
- Parents will be notified immediately of any serious injury or major emergency situation.
- In accordance with the YMCA emergency procedures,
- 911 will be called prior to parent notification anytime a situation warrants.
- YMCA staff will complete an incident/accident report on a KDHE form after a major incident; a copy will be provided to the parent/guardian.

### BEHAVIOR MANAGEMENT POLICY

The YMCA's Philosophy of discipline is based on respect for the child's self-esteem, setting reasonable limits and consequences, and encouraging increased self-discipline. Only constructive methods of discipline shall be used to promote good behavior. The staff will work with the child and cooperate with parents to resolve any problems that may arise.

#### When inappropriate behavior occurs, we will:

- Redirect behavior
- Discuss problem with the child to determine cause and help child find ways to resolve it.
- Assign a special task or responsibility that will help to build their self-esteem.
- At times, it may be necessary to:
  - Separate the child from the group (with supervision), allowing him/her to think about the situation. The child may rejoin the group after he/she has spoken with a staff person and is prepared to cooperate with others.
  - Administer time out from play period, free time or group activities.
  - If a child does not respond to these consequences, we will:
  - Issue a behavior report, copy will be provided to the parent. The report will consist of inappropriate behavior and the consequences. The staff will review the report with the parent and parents will be asked to sign it.

#### Additional consequences may include:

- A conference with the camper and parent/guardians
- A twenty-four hour suspension from camp
- Suspension from camp for the rest of the summer

**NOTE:** Consequences may be altered based on each individual situation at the discretion of the School Age Director.
